The QUADRO Formula demonstrates how easy it is to enlarge existing models with new play elements for more fun. On the following pages we offer proposals for several combinations.

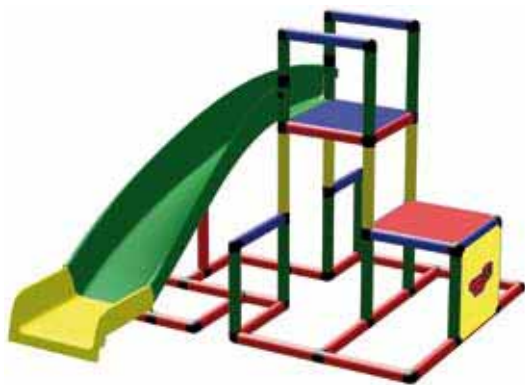

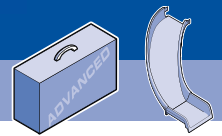

Selbstverständlich können Sie auch selbst aktiv werden! Wir empfehlen die Modellentwicklung mit der ganzen Familie anhand des QUADRO 3D Programms.

Of course you can get creative yourself, too! Why not design something new with your family? For the creation of new models please use the QUADRO 3D Program.
